Healthcare Career Ladders

Career Ladders show the progression from entry-level positions to those with higher levels of responsibility, skill, and pay. CareerCare is a tool to help you identify the education and skills training you will need to climb your personal career ladder.

CareerCare's web-based/self-paced design helps you own your future... and determine, navigate and advance your career path.

HEALTHCARE CAREER LADDER EXAMPLES

NURSING	ALLIED CLINICAL	CLERICAL	SUPPORT SERVICES
Registered Nurse	Radiologic Technologist	Billing and Coding	Supervisor
LPN	Clinical Lab Technician	Medical Transcriptionist	Tech Positions
Patient Care Tech	Surgical Technician	Records Technician	Patient Transport
Nurse Aide	Sterile Processing	Medical Secretary	Environmental and Dietary

CareerCare is a product of Catalyst Learning Company, creators of the School at Work "Building a Career Ladder in Healthcare" program.

What is CareerCare®?

Want to grow your career but don't know where to begin? CareerCare is your first step.

CareerCare is a web-based career advising tool that will help you:

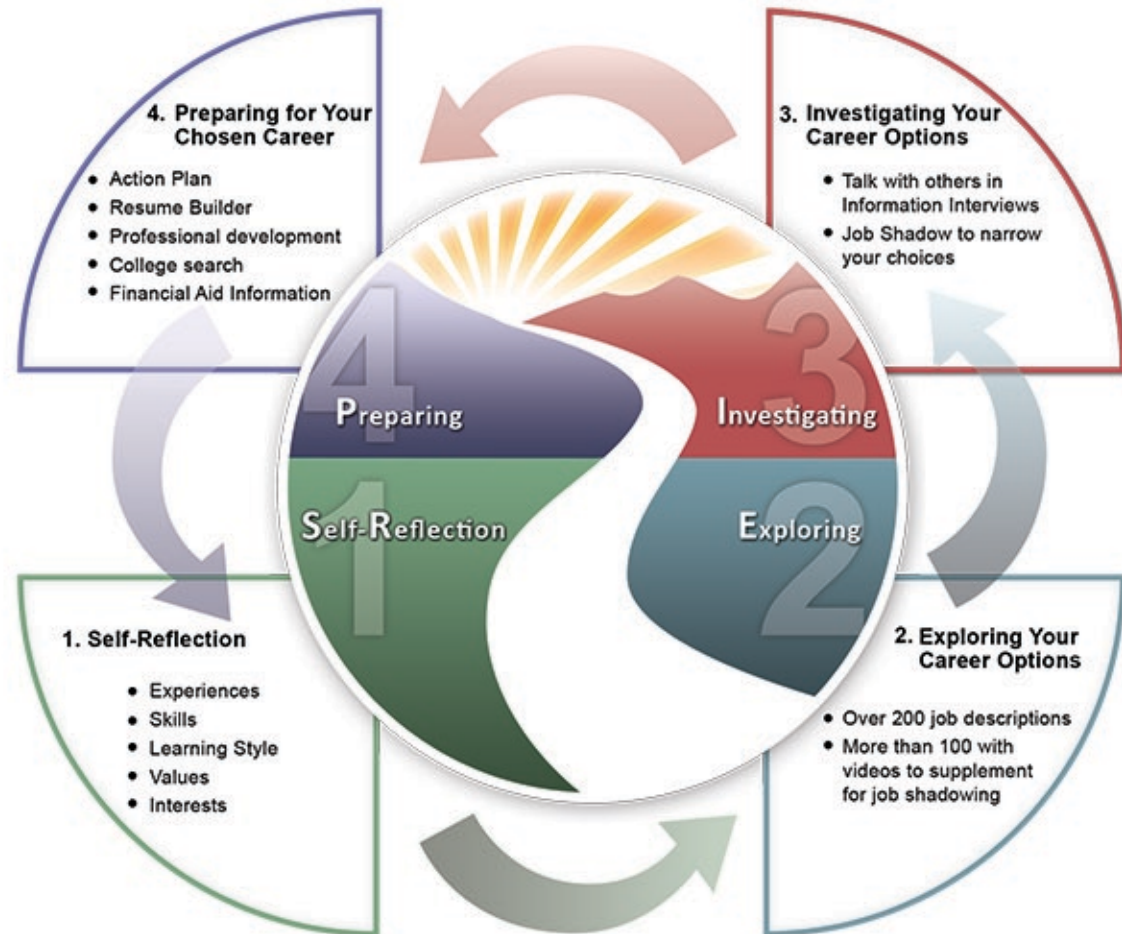

- Advance into a new position within the organization
- Prepare to continue your education
- Connect with colleagues who will support your professional growth

CareerCare begins your career exploration process. Designed specially for healthcare, CareerCare will help you set goals and develop a plan to achieve them. Your customized Career and Learning Plan (CLP) will become the map that guides you through the many steps needed for professional growth.

How it Works

The healthcare industry has so many opportunities for growth that the deciding which path to take can become overwhelming. CareerCare was developed to help you understand which jobs you will find most fulfilling and provide the tools needed to achieve your goal.

The four-step process begins with self-reflection on your past experiences and includes a **Career Interest Survey** with healthcare specific results. After completing the survey you will receive a report detailing the top career pathways that best suit you. This information will allow you to confidently explore career options that will be most fulfilling for you.
